- Aquaponics
- Hydroponics
- Indoor farms
- Precision agriculture
- Vertical farms

CIRCULAR ECONOMY

- Food waste management
- Food waste valorisation
- Upcycled food

FHA-Food & Beverage provides a unique platform to showcase your brand as a sustainability leader, driving innovation and industry transformation. Take advantage of dedicated exhibit segments and seminars designed to create meaningful opportunities and spark impactful change!

WHY EXHIBIT WITH US?

2024 HIGHLIGHTS

SUSTAINABLE FOOD FUTURE SEMINAR

The 2024 seminar spotlighted alternative proteins, sustainable agrifood systems, and innovative startups, with GPI APAC, A*STAR, APAC Society for Cellular Agriculture and APEC Policy Partnership on Food Security recognised for their contributions to a sustainable food system.

SPARK PITCH

The Spark AgriFoodTech Pitching Competition at FHA 2024 recognized top sustainable food startups: N&E Innovations, Entomal Biotech, ULTIMEAT, and Fuciphagus Agritech. These innovators are shaping a more sustainable future for food.

BLACK SOLDIER FLY SHOWCASE

Otolith Enrichment's Black Soldier Fly (BSF) Nutricycle Station took center stage, showcasing an innovative solution to food security and waste management. The BSF showcase demonstrated how this insect can contribute to a more sustainable and circular food system.
